

What we offer?

- Marketing
- Advertising
- Branding
- Graphic Design
- Web Design

AES Interiors & Associates, Inc.
Dear MSC Marketing & Advertising, Inc.,

We would like to **thank you for serving all of our marketing needs.** All of your efforts concerning our identity re-design have given our clients an immediate fresh outlook on what our firm can accomplish. The PowerPoint presentation encompassing our portfolio of work always leaves a lasting impression for our future clients and has set us apart from our competition.

We owe our presentation photographs and entry binder for receiving the Gold Prism Award for the West Palm Beach Hilton Bar award to your efforts. **The end product photography showcased our design to the highest possible degree.**

Thank you again for always exceeding our expectations we highly recommend MSC Marketing & Advertising, Inc as a dependable and creative business resource.

Sincerely,
Carrie Laporte Bollella & Annette Smith
Principals of AES Interiors & Associates, Inc.

RELIABLE & AUTOMATED WEB MONITORING

I have been working with MSC Marketing & Advertising for the last 4 months, and they have been fantastic to work with. They have great ideas, and are able to go from idea to "production" quickly and skillfully.

They have excellent resources and obviously have the knowledge and experience to drive my business to the next level. Most importantly, I know they care, have integrity and loyalty. I'm glad I have met Maya Simhon-Chocron and will continue to do business with her for a long time.

Mark Turkel,
President and Senior Software Architect
Palm Beach Software Design, Inc.

accounts receivables, inc.
We put the "check" into your business.

I want to thank Maya with MSC Marketing & Advertising so much for everything she has done to direct Accounts Receivables, Inc to success.

Every piece she touched has raised our level of professionalism and perception by the general public not as a "start-up" but rather a full blown corporate entity just as I wanted. The creation of the tagline as well as incorporating the check mark into the logo was just the "bomb"! You nailed it! One simple phrase and anyone can get a real understanding of who we are and what we do.

I would be more than happy to recommend MSC Marketing & Advertising in any and all phases of business. Maya is a dedicated, competitive and creative. Thank you for everything.

creativebuilders group
residential & commercial solutions

From the first meeting where you have the interview to gather information necessary to put your creative side in action to the second presentation of multiple ideas was amazing! **You have a very professional way of gathering the information you need to understand who we are and who we want to become** and make us think about the questions deeply. The ideas you came back with were prescient as though they were exactly what we were looking for but were unable to create or draw out ourselves. **We are happy with the new logo, cards, letterheads and other layouts you have provided.**

Chris Travis,
Managing Partner
Creative Builders Group, LLC

PRISM

Our association recently contracted MSC Marketing & Advertising, Inc. to create unique design work to be used in all of our promotional collateral for the 2007 PRISM Awards. This included brochures, direct mail, and an interactive website. **MSC listened to our needs, and took the time to truly understand our objectives.** This was reflected in the finished product. MSC Marketing was **responsive to deadlines, competitively priced, and above all, professional.**
